

THE MALTA CHAMBER

PRESS RELEASE

10th March 2021

Let's not allow this great sacrifice to be prejudiced

The further measures announced tonight, though necessary, will certainly take a toll on Malta's already suffering business community. These restrictions must be mitigated. The Malta Chamber, as it has always done, shall be constructive in its support to the country's authorities in this regard.

Let's not allow this great sacrifice to be prejudiced. While the vaccination efforts proceed, let's all come together and pull the same rope, in order for the country to come out of this dark patch with the least damage possible.

Once again, The Malta Chamber calls on all its members and the members of the country's business community to heighten their vigilance at this time. All sanitary and social distancing protocols ought to be observed diligently, while remote working should be encouraged in all cases where this is possible.
