## The Malta Chamber appeals for truth and integrity to always prevail

On the second anniversary of the brutal assassination of journalist Daphne Caruana Galizia, the Malta Chamber reiterates its appeal for truth and integrity to forever prevail at every moment and every turn of life in Malta.

On this dreadful occasion, the Malta Chamber salutes all individuals and organisations who in their course of duty, speak the truth, providing an indispensable service to our country.

May we never live moments in which anyone is threatened or hindered from carrying out their duty. May we safeguard the quest for the truth, wherever it may come from, for the crucial importance it holds in a modern and free country.
