## Chamber extends its congratulations to new Government

The Malta Chamber of Commerce, Enterprise and Industry congratulates the Labour Party for its electoral victory following the General Election of last Saturday.

The Malta Chamber augurs Prime Minister Dr Joseph Muscat the very best for his reappointment at a time when Malta needs to focus its attention on building on the successes achieved in the last years and maintaining a vigilant eye on the country's competitiveness.

With an intense electoral campaign behind us, it is now time to look forward and start implementing the ambitious Labour Party's electoral programme.

The Malta Chamber has contributed concretely to the electoral process as it proposed 71 recommendations aimed at creating the ideal environment for business to thrive and create jobs within the context of investment-based economic growth.

The Malta Chamber remains available and willing to work closely with Government to implement as many of these proposals as possible for the benefit of the country's economy.
