Malta Chamber commends postponement of vouchers

The Malta Chamber commends the Government's decision to postpone the issue of the second round of vouchers, in the interest of public health.

As it has said all throughout the pandemic, The Malta Chamber reiterates its position that all, and any initiatives taken must, at all times reflect, the highest public health interest. The Government's decision, as announced by the Minister of the Economy yesterday is hence commended.

While the issue of vouchers is eagerly anticipated by many business operators, as it is expected to once again inject a much needed impetus into the economy, priorities of public safety must take precedence.
